

## SCS Morning Drop-off Routes Approx. 8:25 a.m. – 8:50 a.m.

**No Exit out of the Parking Lot onto Cloverbar Road during this time.**

Due to heavy traffic volume we are asking you to follow two procedures:

Drive as far as you can in the east drop-off lane to maximize lane space. Once you have dropped off your children, if you can then safely pull out of the drop-off lane, drive ahead and form a 2<sup>nd</sup> line of traffic leaving the south exit. Please then take turns to exit out of the south parking lot exit.

We are requesting your help as this will help prevent traffic back up out of the parking lot onto Cloverbar Road.

Thanks in advance for your help and courtesy in regard to this request. Any questions or concerns may be directed to Jim Seutter, Principal.
